## ***Open Text Libraries & Collections Solutions***

Open Text(TM) is the leading independent vendor of Enterprise Content Management (ECM) solutions bringing together people, processes and content in global organizations. The Open Text ECM Suite includes specialized solutions for digital archive collections, institutional repositories, library management (ILS), digital asset management and knowledge management. The software products are available as a hosted service or for local installation.

To learn more visit us in the exhibit area or go to: [www.opentext.com](http://www.opentext.com)

The Ohio Preservation Council is a broad coalition of Ohio libraries, archives, historical societies, and conservation resources. Its mission is to provide a network for preservation education and to support preservation activities within the state. It is supported by members' dues.
